Hi, Bruce-

Would it be possible to move the Monday (7/2) call to 1:30pm instead of 2pm? Please let me know.

Thank you!
Michelle-

Thank you for the alternate dates, Michelle.

A call on Monday, July 2nd at 2:00 PM Eastern (1:00 PM Central / 12:00 PM Mountain) time is proposed. I will send out an appointment reminder with dial-in information, and we will circulate materials for review in advance of the call next week.

Kind regards,

Bruce

Hi, Bruce-

Thank you for your email. I am out of the office on 6/28 and 6/29 next week. So, we may be able to do a call early next week (morning of 6/25 or 6/26) or 7/2, 7/3, or 7/5. Please let me know which dates work best for you.

Thank you!
Michelle-

Dear Michelle:

Our team has been working to complete the updates to the EVS model of the TCE impacts to soil at the Washington plant for OU3. I just had a meeting with Luis and Roy (Rio Tinto) at the Washington plant today.

We propose a call to review the results of the EVS modeling and to discuss the next steps for OU3 in a call on either:

- * Thu PM (June 28), or
- * Fri AM or PM (June 29)

Please let me know what time may work for USEPA and the USACE representatives and we will seup a WebEx call. We will plan to transmit materials for review in advance of this call next week to support our discussion.

Sincerely,

Bruce

Subject: FW: Pohatcong OUI PDI Field Activities Status Call Summary - June 5, 2018

Hi, Stan-

Just touching base about our call for the end of June. Did you have any dates in mind? I'll be out of the office 6/27 and 6/28 next week. So, we may be able to do a call early next week or the week of 7/2/18.

Thank you!

Michelle-

Hi, Stan:

[Thank you for the call summary. I'd like to request a revision to the call summary, specifically the "Other Items Discussed" section. Please reflect-- a call will be planned \(for the end of June\) with EPA to discuss results of elevated contamination in SB-25 and SB-26. It was discussed that you would update the FVS model, review results and figure out next steps to characterize the eastern extent of contamination. Please include this in the revised call summary and agenda.](#)

[Also, I spoke with Kim today and she has expressed that we'll need to discuss on the call in the end of June what plans you have for additional soil sampling \(stepping out from SB-25 and SB-26\) to characterize the eastern extent of contamination.](#)

[Thank you, Stan,](#)

Michelle.
